

CT CORDEX 48 - 1,8kW (RZI)

**Standby power system 48 VDC – 150 A.
Standalone 19" system with two
distribution panels, total height is 8U.**

CT CORDEX 48 – 1,8kW

System with protected inputs and outputs.

Modular extensible from 37A to 150A.

Wide range of supply voltage.

Technical parameters

Parameter:	Unit:	Range:
Input voltage operating (min-max)	V	176 - 312
Input current AC (nom-max)/1 mod	A	8,5 - 11
Output voltage rating (DC)	V	48
Output current (min-max)*	A	37,5 - 150
Mounted power (min-max)*	kW	1,8 - 7,2
Output protection (optional)	A	5 x 10A
Dimensions	mm	485 x 355 x 380
Weight (without modules)	kg	24

* depends on number of manned modules
